

Private Hire Covid-19 Procedure (in addition to the private hire agreement)

Arrive at the pool “swim ready” (swimming costumes on under your clothes) at your allocated time.

If you arrive early please wait in your vehicle until the correct time.

Due to the size of the building and changing rooms we recommend that no more than 2 households use the pool at any one time

In the porch there is a hand sanitising station for you to use before entering the building and upon leaving. It is a hands-free device which dispenses when your hand is placed below it.

Please only use the handles and hand plates for opening doors and try to only touch the minimum number of surfaces.

Always wash your hands when using the lavatory

At this time The Parlour Pool is unable to provide the usual swimming aids (noodles) so please bring your own if needed but ensure they are cleaned before and after use.

Once you have finished your swim, shower and change using the changing rooms provided

All customers **MUST** leave the building on time at the end of their session to allow The Parlour Pool team to clean the building before the next group arrives

Please do not go upstairs during your swim time. Unfortunately we need to ensure all surfaces are cleaned between groups so need to minimise the areas used.
